prepare them to succeed in the ever-evolving tech world. Computers have completely changed the way we teach children. We have Mindstorms to thank for that. In this book, pioneering computer scientist Seymour Papert uses the invention of LOGO, the first child-friendly programming language, to make the case for the value of teaching children with computers. Papert argues that children are more than capable of mastering computers, and that teaching computational processes like de-bugging in the classroom can change the way we learn everything else. He also shows that schools

saturated with technology can actually improve socialization and interaction among students and between students and teachers. Technology changes every day, but the basic ways that computers can help us learn remain. For thousands of teachers and parents who have sought creative ways to help children learn with computers, Mindstorms is their bible.

Edmonston 2011-01-01 Phil Edmonston,
Canada's automotive "Dr. Phil," pulls no punches.
He says there's never been a better time to buy a
new car or truck, thanks to a stronger Canadian
dollar and an auto industry offering reduced

prices, more cash rebates, low financing rates,
bargain leases, and free auto maintenance
programs. In this all-new guide he says: Audis
are beautiful to behold but hell to own
(biodegradable transmissions, "rodent snack"
wiring, and mind-boggling depreciation) Many
2011-12 automobiles have "chin-to-chest head
restraints, blinding dash reflections, and dash
gauges that can't be seen in sunlight, not to
mention painful wind-tunnel roar if the rear
windows are opened while underway) Ethanol and
hybrid fuel-saving claims have more in common
with Harry Potter than the Society of Automotive

EngineersGM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago. You can save \$2,000 by cutting freight fees and "administrative" charges. Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea.
