### Using the Standards

Instructional Fair 2003  
The top-selling teacher resource line, The 100+ Series(TM) features over 100 reproducible activities in each book! Problem solving is the emphasis as students delve into diverse activities from all five NCTM content standards. Empower your students to build new mathematical knowledge, solve problems in context, apply and adapt appropriate strategies, and reflect on their thinking while reinforcing mathematical

skills. Hands-on activities in a variety of question formats make the mathematics accessible to all learning types. Student-created problems help motivate students and communication prompts enhance mathematical speech and writing.

Includes skill checks, cumulative tests, assessment guidelines, and vocabulary cards. The NCTM standards correlation chart and the icons at the top of each page make it easy to identify which content and process standards are being utilized. An answer key is also provided.

*Super Sub* Lorilynn 2000  
Being a substitute teacher is a demanding and challenging job, even when the classroom teacher leaves behind well-laid plans. But when teachers are called away unexpectedly, the role of the substitute

teacher becomes even more challenging! The strategies and activities in Super Sub come to the rescue with a wealth of ideas to make the day a good experience for both students and substitute teacher. There are great games and all-about-the-student activities that can be used with many different grade levels. Included are teacher-directed and reproducible activities appropriate for language arts, math, science, and social studies. This great resource will give the substitute teacher the confidence to make every day a great day in the classroom.

**Social Studies Teaching Activities Books** Gary Lare 2006 An annotated listing of activities books for use with social studies curriculums, focusing on elementary and middle school grades, arranged by curriculum area,

topic, and grade level. Includes contact information for publishers and distributors of appropriate books, and an index.

Character Education

Kathleen Knoblock 1997 Filled with teaching ideas, practical activities, and real-life problems to solve that stimulate students to think critically and act morally.

Theme-based Reading

Comprehension, Grade 6

Instructional Fair 2003 With the increased focus on literacy in the classroom, it is more important than ever to provide students with interesting reading activities. *Peekaboo I Know!*

Instructional Fair 1997  
Play an exciting discovery game around the farm, as you peek beneath each flap and answer the questions. This book is specially designed for even the smallest fingers to use.

*Inexpensive Science Experiments* Pam Walker 2000 Not all science teachers have ready access to the equipment and materials they need to perform many of the experiments they would

like to assign. If you are one of those teachers, you can stretch those science budget dollars with the labs included in *Inexpensive Science Experiments*. Gathering needed materials is quick, easy, and inexpensive, and many of the experiments are even cost free! Instructions are clear and concise with each lab accompanied by a teacher information page highlighting the objectives, the approximate time required for completion, teaching strategies, and an evaluation rubric. Each student lab includes a background page, pre-lab questions, a procedure page, and a set of post-lab questions.

**Beyond the Rules** Elaine Dion 1998 The words we choose and the way we arrange those words reflect the choices we

make, both consciously and subconsciously, every time we speak or write. The strategies and activities provided help students to become more conscious of those choices and the effects they have on their readers.

Time and Money, Grades 1

- 2 Bill Linderman

2000-01-15 Your students will love Time and Money, and so will you! With 100 reproducible pages, you will never be at a loss for a way to introduce practice sessions for these important skills. Time and money concepts are vital knowledge for everyday life. These engage

*Home Education Curriculum* Instructional Fair 1997-06-01

**Manners That Matter**

Lorilynn 1999 Motivating activities, games, and thought-provoking

questions help students realize the importance of good manners and find appropriate ways they can achieve them. Each chapter in *Manners That Matter* includes a culminating journal-writing assignment in which students review the concepts they have learned and then record their personal responses. Respect and courtesy to others as well as developing better manners in the classroom, the school environment, and other social situations are highlighted through role-playing, critical thinking, and writing activities and assignments.

**Dollars and Sense** Martha

Martin 1997 Students learn how to handle money matters in a practical no-nonsense kind of way.
